ABOUT ME

I am a Software Developer at Boeing, focusing on UI/UX and frontend development. Proficient in tools such as Figma, JavaScript, Bootstrap, ReactJS, Redux and TailwindCSS. I am passionate about creating intuitive digital experiences and aim to further enhance my skills through the Digital Media Master's program at the University of Bremen.

WORK EXPERIENCE

August 2023 - PRESENT

Boeing India Private Limited | Bengaluru, India

Software Engineer - Developer

- Completed a 3-month intensive training in UI/UX design, ReactJS, Redux, and Mapbox.
- Designed and Developed a web application's frontend using ReactJS, HTML5, CSS3, and TailwindCSS; created reusable UI components.
- Currently, designing UI screens for a Python-based application and implementing them using PyQt6 framework.
- Used Figma for wireframing, interface planning, and layout organization across all projects.
- Collaborated with cross-functional teams to integrate frontend designs with backend services.

PROJECTS

E-CODERSHELF [07/2024 - 08/2024]

Developed a full-stack book-selling platform with a responsive UI featuring user authentication, cart management and an admin dashboard.

FILMVAULT [05/2024 - 06/2024]

Built a responsive movie info platform using React, integrating third-party APIs, React Router, and custom hooks for dynamic navigation.

DINEDASH [01/2022 - 02/2022]

Built a responsive, card-based food menu using HTML and CSS with modern styling and hover interactions. Showcases frontend layout and UI design skills.

EDUCATION

2019 - 2023

Ramaiah Institute of Technology

Bachelor of Engineering (B.E)

CGPA: 7.85 (German GPA: 2.0)

SKILLS

- HTML5, CSS3, TailwindCSS, Javascript, ReactJS, Redux, Bootstrap, PyQt6
- Figma, Adobe XD, Draw.io
- Java, Python, C++
- Flask, Spring Boot, Node.js
- Git, VS Code, Webpack, VBA Macros

CERTIFICATIONS

- AWS Security Essentials - [09/2024]
- Developing Front End Apps with React - [06/2024]
- Technical Support Fundamentals - [06/2024]
- Python Programming - [11/2023]
- Cyber-Physical Systems - [12/2022]
- Data Structures & Algorithms Essentials using C++ - [11/2022]

LANGUAGES

- Kannada
- English C1
- German A1
